

THE LITTLE THINGS...

"Enjoy the *little things* in life, for one day you may look back and realize they were the **big things.**" - Kurt Vonnegut

FAKE IT 'TIL YOU MAKE IT

Rukiye Akgun (9) and Ruth Francis (9) enjoying their game of Heads Up during their lunch together. Akgun said, "Whenever the courtyard is open, my friend and I would play [Heads Up] every day after lunch and it just kinda became a tradition."

STAND OUT

Rehan Roe (11) and Ophelia Meyer (11) raise their hands to speak during their AP US History class's simulated Congressional debate. "The debate was kind of scary, but I liked watching people interact," said Meyer.

...We Experience

Stained glass. Marching band. Exploring new classes.

Cooper Allen (12)

Geo Colvard (12)

Rolan Himum (10)

Soccer. Mrs. Fletcher's class. Getting to know people.

Arno Risner (10)

George Francis (10)

Archer Ferry (11)

...We Learn

Working together with others is better than working alone.

Alex Wiley (10)

Time management. How to adapt.

Vega Burchett (9)

Carlee Mueller (11)

The importance of the Ukrainian war.

Piper Riddle (9)

...We Love

The staff. Gold and maroon days.

Taylor Carter (9)

Blake Rhame (9)

The security guards. My friends.

Vega Burchett (9)

William Payne (11)

The library.

Ella Dofore (10)

LOUD AND PROUD

Abby Pendill (10) and Ella Hume (10) cheer with their team during the North vs. South football game. Hume said, "I love cheerleading because it's fun to ... support the school ... not just being in the stands."

LOOK OUT

Maddy Waters (12), Kaitleen St. Clair (12), and Ruth Bartlett (12) working together for the species protection project in AP Environmental Science. Waters said, "We blew bubbles and tried to see how far they would go up." Photo by Sofie Garcia

It's All About... THE LITTLE THINGS

LEARNING BY DOING

Daphne Wright (11) examines her experiment results with Dr. Angie Shelton in AP Environmental Science. Students completed a lab in which bubbles were used to simulate species protection. Wright said, "I thought that [the lab] was very interactive. I liked that we got to go outside. It was a different way of learning, other than just doing notes."
